Welcome!

ABOUT ME

I am been teaching high school Science for the past 28 years at JARS and MBCI. She has had over 35 years of teaching and promoting fitness and wellness. Being a triathlete, paddler, queen trapper competitor and martial artist gave her the physical health, but yoga really helped build the mental, emotional and spiritual health she was seeking

Our products and services appeal to all ages and genders, individual and group clients, families and corporate teams.

We plan to run a successful Land-based Wellness Model by diversifying our Company Profile to include a wide variety of outdoor/indoor Wellness topics so that we can meet the needs of our communities.
